## PENTECOST WORDS AND WORLDS WORKBOOK

This study begins with a reading of Acts 2. The guide then explores the relative scope of the geographic area represented in the Pentecost story compared to the United States and finally asks participants to think about regional dialects and their significance. You may choose to use it with a youth of adult Sunday School class, Bible study, small group, or for your own personal devotions. **Compliments of the Seminary's Miller Summer Youth Institute.**
