# World Mission Initiative Conference and W. Don McClure Lecture

Oct. 11-12, 2024

In the emerging landscape of mission, refugees, migrants, and the church in the Global South—traditionally viewed as recipients of mission goods and services—have become a major source of innovation and leadership in the founding of new worshiping communities, the provision of community services, and the work of advocacy for justice around the world. This year's theme will highlight this paradigm shift in God's mission and examine how we can learn from our siblings in Christ on the other side of our world. Join us in person or online!
