Church

The pandemic and debates about disaffiliation have taken a toll on many congregations. Adding to these challenges is an era of declining overall religious participation in the country. While weariness is understandable, inertia and despair are not inevitable. Many congregations now feel freed to explore new directions for their churches as familiar patterns no longer work as they once did. Churches are finding hope and energy as they build on their founding values and purpose and discern the next faithful steps God has for their congregations.

In collaboration with and co-sponsored by the Western Pennsylvania Conference of The United Methodist Church
